SHORT SYNOPSIS

A young drug abuser, Civita, incorrectly injects narcotics and suffers the ill-effects.

LONG SYNOPSIS

A young woman overdoses on a speedball after incorrectly injecting herself. She has a cardiac arrest, after collapsing on her bed, desperately trying to reach her cell phone for help.

DIRECTOR'S STATEMENT

I learned a lot about the film making process with this, my second short film. I had read plenty of books and studied the craft, however, you can only truly learn about the process by doing it.

The DOP was terrific and helped with lighting issues. I couldn't have completed this without his dedication. I was fortunate to have an amazing film composer with this picture and he definitely increased the dramatic tension with the film score. Without it, I believe the film could have suffered.

CAST
